SHOVAN BHATTARAI

shovanbthr@gmail.com | +977-9825948059 | LinkedIn | GitHub

An aspiring developer with hands-on experience in building React, .NET and Node.js. Passionate about backend development, APIs and scalable systems. Skilled in designing and implementing server-side logic, database management, integrating frontend with backend services. Eager to apply my knowledge to real-work challenges while continously learning the emerging technologies.

EDUCATION

Bsc (Hons) Computing   **2023-Present**

Itahari International College - London Metropolitan University

Sundar Dulari, Morang

SLC   **2021-2023**

Vishwa Adharsha Academy

Itahari, Sunsari

SKILLS

Technical Skills:
- Programming Language: JavaScript, C#, Java
- Framework: Node.js, React.js, ASP.NET
- Databases: SQL
- Tools: Git, Canva, Figma

Soft Skills:
- Communication
- Time Management
- Adaptability
- Team Work

PROJECTS

Fur-EverHome
- A full-stack pet adoption platform with user authentication and role-based access.
- Built using React 19 (Vite, Tailwind CSS, PWA) for frontend and Node.js/Express with PostgreSQL and Sequelize for backend
- **View Project**

Wandermate Backend
- A travel management backend API supporting bookings, packages, reviews, and destination management.
- Developed with ASP.NET Core 8.0, SQL Server, JWT authentication, and SMTP email integration.
- **View Project**

Innovation Lab Project
- A modern frontend for InnovationLab using a component-based structure.
- Built with Next.js, TypeScript, Tailwind CSS, Framer Motion, and Prism for API mocking.
- **View Project**

ACHIEVEMENTS

Hackathon Participant (2nd Runner-up)   **Nov 2024**
ACES TechFest – Dharan, NP
View Certificate
